Commission met with Pineville Mayor, Pat Beshears, to discuss a sewage problem at the jail. The flushing of extra uniforms, clothing & mattress filling has been clogging the sewage system & the system is in danger of burning up due to the clog. The city is willing to put a system that will stop the clog while it is still on the jail property & they will clean out the system daily. The cost would then be added to the county's sewer bill. The price is variable, according to which system the city & the county choose to install. The extra amount charged the county would be from \$900. to \$1,900. per month. The county is looking into other solutions & will contact the Sheriff to see what procedure can be implemented to stop the problem.
