

McDonald County Commission Minutes

MARCH 10, 2010

The McDonald County Commission met with Presiding Commissioner, Larry Jones, Eastern Commissioner, Sam Gaskill & Western Commissioner, Ronald G. Walker present.

GENERAL BUSINESS

Commission conducted General Business of the County.

After several compliments on the existing recycling program the Commission discussed the recycle trailers & the future of the program. The trailers in use at this time belong to Chris Mikeska who had a recycling project that he has closed. Mr. Mikeska has allowed the county to use the trailers at no cost. The county has applied for a grant that will purchase new trailers for the program if it is approved. Commission has appreciated Region M & all of the support the county has received from them. At this time we have received a pick-up truck that is used for trash pick up & also used to empty the recycling trailers & a 2 ton box truck that has been used several times for waste recycling programs, including the hazardous waste & cardboard projects. Both trucks have been donated by Region M after Litter Control Administrator, Gregg Sweeten, applied for them through the Litter program & both were at no cost to the county. Also discussed were the already approved, but not spent, grant funds that will allow the purchase of several items including fencing around the recycling trailers & will pay the labor for 3 employees to assist in the program.

Commissioners Jones & Gaskill left to attend a Region M meeting in Webb City & Commissioner Walker continued with general business.

ADJOURN

Ordered that the Commission adjourn until 3/15-10.
