Also discussed was the exit interview where the Auditors told the Commission that the results of the Audit were average^{of} slightly above average. And all involved were surprised when the Audit results came back.

Also discussed was the adoption of a new bid form that was recommended and then approved by the Auditors.

Commissioner Lindquist called the budget hearing to order with approximately 25 others present. Commissioner Lindquist then read the Budget Message for County Clerk Williams. Discussion followed with the commitment from the Commission to look at the revenues on a quarterly schedule in order to possibly allow amendments to assist offices that may be in need.
