General Business

Commission reviewed tire bids. Eastern Commissioner Bunch made the motion to accept partial tire bids from J&D Tires of Noel, Mo; Ozarko Tire Centers of Joplin, Mo; and a partial tire bid from State offered by Wingfoot. Western Commissioner Holloway second the motion. Vote was unanimous. After discussion, Commissioners restated the requirements needed for bids received. All bids whether mailed or delivered in person must be sealed to keep confidential until advertised opening of bid. As a result, no bids will be accepted if they are received by fax or by email.

To review the entire instructions to bidders, vendors are advised to visit <http://mcdonaldcountygov.com/bids-qualifications.php> there vendors are able to view any bids that are being requested at any time and also details to provide Commission if they wish to be on a bidders list of contacts.

Later in the day, Chris Deffinbaugh with Burns & McDonald Engineering, a consulting firm in Kansas City, Mo; who is working for American Electric Power & Southwestern Electric Power Co. (SWEPCO) called the McDonald County Commission to inform Commission that Swepco still prefers Route 33.

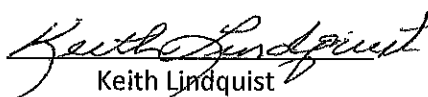

Mr. Deffinbaugh is with stake holder management service.
