## General Business

John Joines, Tony Wright & Donna White with Economic Security Corp. of Southwest Area, also present were Paige Behm and Maria De La Torre with McDonald County Health Department to discuss some of the required statutes they must follow at this time. Commissioner Bunch stated he feels that a need for the service the Health Department provides is apparent; however, he feels when minors are treated or provided with forms of contraception that the parents or guardians should be informed and kept in the loop. Presiding Commissioner Lindquist stated all were concerned about our youth and their health but this is an area that must be addressed in Jefferson City and Washington D.C. to change some of the statutes the health department must comply with.

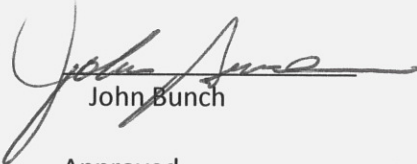

Later in the day, Tucker Jobs with Senator Sater's office called to ask the Commission to be in Jefferson City at 1:30pm for a hearing concerning the power line being proposed by SWEPCO.

Commission agreed and will be attending the hearing April 1st, 2014 in Jefferson City.
