Commission attended a meeting of the Public Water District #1 in Jane at 7:00 p.m.

Commission attended at the request of Mr. & Mrs. Frazier who had a dispute with the water Board.

Commissioner Bunch addressed the Board by saying the Commission in no way wanted to interfere with the Board & its policies, but would appreciate consideration of the waiving of the \$3,100 fee for hookup of the sewer system & water. The Frazier's had been hooked up at one time & then preferred to use their own system & then unhooked both system & they could re-hook to the Districts system with no financial cost to the District. The Board took the information & tabled the discussion but agreed to review their policy & contact all parties concerned with their decision.

Commission will not be in office October 15th, 2014 due to a Southwest Commissioner's Meeting being held in Springfield, Mo.
