The Commission met with 911 Representatives: Richard Huston, Lisa McCool-Rataczak and Bill Thomas. Mr. Huston informed the Commissioners that after the recent passing of one of their members, Darrel Watson would be appointed as a new 911 board member. Mr. Huston also asked about the new road grading schedule and placards. An agreement between McDonald County and 911 will be drawn up regarding the County's use of the current 911 signs to affix the different colored placards.

Billy and Brenda Brown talked to the Commission about the possibility of renaming the road they live on due to the fact there has been some confusion in the past with a similarly named road in the county. Mr. Brown also discussed the new road grader signs.

The Commission will meet with APAC on Tuesday, April 21st at 10:00 am.

Gerald Baker met with the Commission to discuss Antioch Cemetery off Highway KK.

Jessica Herrera met with the Commission to find out whether McDonald County or the City of Anderson would be responsible for repairing a culvert that keeps getting clogged and overflowing onto her property.

The Commissioners were asked by a local real estate agent to provide some form of documentation stating whether or not the McDonald County Commission has any jurisdiction over the unimproved loop that connects State Street and Spring Street located in Tiff City. The Commission has no authority to vacate these streets, nor have any record on file of State St and Spring St ever being accepted by prior Commissions.
