Commission signed and approved accounts payable in the amount of

Henson Trash Service was contacted by the Commission to remove the recycling bags and trailers located at the Jail and County parking area. This need was required due to no recycling centers currently capable of handling the volume of recyclables that have accumulated in our county. Henson Trash will remove the recyclables Wednesday, February 13th. No further recycling will be handled by the county until further notice.

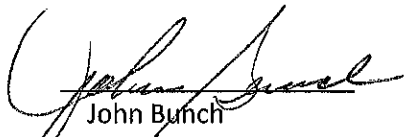

Chad Allison, Commander of Ozarks Drug Enforcement Team (ODET), met with the Commission to discuss the future of ODET in McDonald County. Commander Allison explained ODET and its history, giving facts on warrants, seizures and arrests for McDonald County. Commission asked questions in regards to McDonald County cases and agent performance. Commander Allison stated he felt there was a communication breakdown between his office, ODET agents and the Prosecuting Attorney's office. He strongly opposed McDonald County leaving ODET completely and gave solutions to the issues the Commission based its decision to leave ODET. Allison also wanted to ensure payroll for one agent was made through McDonald County payroll, stating the salary of one agent was fully reimbursed to the county through the ODET grant. Commissioner Bunch asked Allison if it would be acceptable if McDonald County paid the \$500 associate membership and continued to process payroll for one ODET agent; then at the end of 2019 see whether ODET cases in McDonald County would be acceptable to return as a full voting member in 2020. Allison stated that would be acceptable. No motions or votes were taken at this meeting. Commission tabled the topic for further discussion. Also in attendance for this meeting were Sheriff Hall and Luap McKeever.

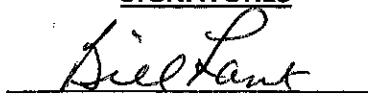

Joe Harmon met with the Commission to compliment the McDonald County Road & Bridge department for a job well done on Tate Road.

ADJOURN

Commission will reconvene on February 13th, 2019
