General Business

Teresa Carlin, District Clerk for McDonald County Public Water Supply District #2, met with the Commission to discuss repair projects the water district is needing to make. Cost estimates were given to the Commission for a better perspective of financial burden of these projects and the possibility of acquiring ARPA funds to assist in the cost. Western Commissioner Lett informed Ms. Carlin of how the county is remaining cautious of spending ARPA funds until the Final Rule is published. No motions or votes were taken.

Commission discussed 2022 health insurance options received from Connell Insurance. The county's current health insurance provider, Anthem, has decided to keep the same rates as 2021. Commissioner Lett made a motion to stay with Anthem. Motion seconded by Commissioner Lant. Motion passed with unanimous vote.

Commission conducted general business of the county.
