McDonald County Commission—Minutes

June 22nd, 2022

Present:

Jamey Cope - Eastern Commissioner

Rick Lett - Western Commissioner

Kimberly Bell - County Clerk

General Business

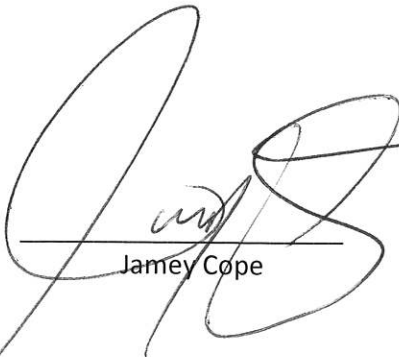

In an Emergency Meeting, Commissioners Jamey Cope and Rick Lett met Lanagan Mayor Stan Haywood, McDonald County Emergency Management Director, Gregg Sweeten, and Travis Hall, Hall Plumbing at the site of the busted water pipe in Lanagan. The pipe broke during flooding in May 2022 leaving several Lanagan residents without running water. In an effort to assist the effected residents, McDonald County Commission offered to assist with a temporary fix until the city could receive a grant to permanently fix the water pipe. Mayor Haywood told Travis Hall to go ahead and plow a pathway from the Lanagan City Park to the location of the broken pipe so the temporary fix could be started as soon as possible. Commission will meet in Emergency session June 24, 2022 at 8:00 am to discuss how the county can assist in the process of the temporary water main across Indian Creek. No motions or votes were made/taken.

Commission conducted general business of the county.

ADJOURN

Commission will reconvene on June 27th, 2022
