Ryan Dingman and Laura Campbell with MoDot visited with Commission to discuss the inspection reports for bridges located in McDonald County. Jerry Mullins, County Road Foreman was also present to review the inspection reports.

McDonald County has 41 bridges:

38 are owned by McDonald County

2 owned by the City of Anderson and

1 owned by the City of Pineville.

Inspection Reports revealed 9 bridges rating in Good Condition, 26 in fair condition, and 6 were reported in poor condition which means there are items to be repaired in order to be rated higher.

At this time, McDonald County does not expect to receive BRO funds to assist in funding repairs on noted recommendations for each bridge. Commission will contact Julie Ziebert for transportation repair planning and seek Soft Match Pre approval planning.

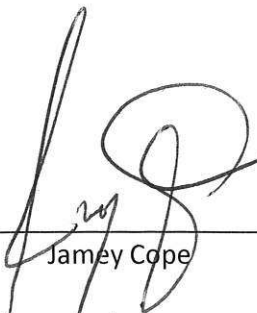

Commission drove to visually observe county roads.

Commission conducted general business the remainder of the day.
