Mr. RJ Lambert brought forward a concern regarding the maintenance of a specific section close to Frisco Rd in Anderson. The resident requested that if he would be allowed to block his section off with a gate just passed the Cemetery in order to prevent traffic near his driveway. Upon review, it was confirmed that the section in question lies outside the County's jurisdiction and maintenance responsibilities. As such, the County has no authority or obligation to maintain or make decisions regarding this portion of the roadway. The resident was informed accordingly.

The Commissioners conducted a site visit to Dead End Lane to observe the water erosion affecting the roadway. They noted that water is actively cutting into the road surface. Further discussion will take place to determine appropriate corrective actions to prevent additional damage.
