Commission signed and approved accounts payable in the amount \$549,114.77.

Commissioners met with Department Office Holders to gain insight on remaining a unified county and continuing to do what is in the best interest of the Residents of McDonald County.

Commission met with Goodman's Chief of Police to discuss the possibility of a vehicle trade. No decisions were made at this time but discussed they would research their options before getting back with them.

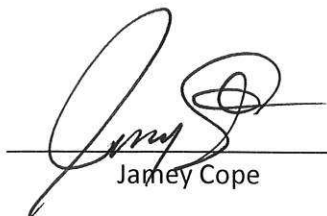

Health Department Director Mike Hall came to discuss the activity of their department and the need to shift staff around to continue their Grant funding availability without losing resources that benefit the low income residents of this county. A great piece of activity they accomplished was the purchasing of several safety improvements to the pedestrian traffic for the City of Noel.

Pam MacGruder came to the Commission to discuss access on her property off Becky Ln. After review, unfortunately Commissioners advised her the lane is a Private road that Commission has no oversight on.
