Commission signed and approved accounts payable in the amount \$595,583.66.

Commissioners met with Collector, Jennifer Weber to discuss the recent updates being held at the State level during their Special Session and the impact it could make for McDonald regarding SB3 that makes changes to the previous SB190.

Commissioners discussed a temporary road that was opened when County was temporarily widening White Oak Rd. Mr. Anderson is requesting to close this off permanently as it was a temporary relief to allow traffic flow while White Oak was being widened. Commissioners saw no impact to their existing roadways and agreed to allow Mr. Anderson to do what he needed and Commission appreciated the time he allowed traffic to flow through his property while White Oak was being addressed.

Commission has been in communication with MoDot and Michael Malone addressing the Dead End Lane road deterioration and moving forward with putting this project out for bid to address the damage as soon as possible. Blueprints were drawn up by REI Senior Engineer, Michael Malone.

Sheriff Department came in to discuss the opportunity to propose to Tyson Foods about a possibility to rent the vacant old truck shop buildings along the Noel Bridge for County Heavy Equipment.
