Commissioners drove to Noel to tour the new acquisition of the former Tyson complex to be used for the Detectives SWAT Teams. Also in addition to this facility, through partnerships, Lieutenant Barrett was thrilled to share of the potential to convert the loft of this facility into a dedicated fitness and wellness center for County employees. The space will be dedicated to prioritize wellness and a way to recharge. It may not be a high tech facility but it will be packed with great features to improve the wellbeing of county employees. More progress needs to be made to make this facility operable and made available. Commissioners later reviewed the conditions of bridges located on Kyle Road.
